CIBOLA SERVICES

Emergency Department

The Emergency department is open 24 hours a day, 365 days a year, and is staffed at all times by experienced physicians and nurses.

Nursing

The Nursing department at Cibola General Hospital is dedicated to providing the highest level of nursing care possible within the overall mission of the hospital. A skilled and dedicated nursing team is proud to staff:

- An Intensive Care Unit (ICU) that includes four well-equipped private patient rooms.
- Skilled Nursing for the Medical/Surgical Unit and Swing Beds, which are tailored for patients requiring additional care before transitioning back to their homes.
- Respite Hospice Care to ensure compassionate and supportive care during challenging times.

At Cibola General Hospital, our nurses strongly support ongoing education and professional growth, and firmly believe that their commitment to patient care results in improved outcomes and better overall patient health.

Nursing Outpatient Procedures

Must have an order from your doctor or provider for the following:

- IV infusions (antibiotics, venofer (iron), other medications)
- Blood transfusions
- Central line dressing changes
- Intramuscular injections (antibiotics)

Labor and Delivery

505-287-5323

The arrival of a new baby is an exciting moment, and Cibola General Hospital provides our patients with a family-centered birthing experience. We offer:

Prenatal Benefits:

- Three family-friendly birthing rooms
- 2D/3D/4D ultrasound images of your baby
- Fetal monitoring system for safety of mom and baby
- 24/7 CRNA anesthesia coverage
- Childbirth education classes

- Delivery unit tours; call today to schedule a tour

Delivery Benefits:

- Complimentary meal for mom and a guest
- Mother and baby after-care all in one room
- Routine newborn screenings
- Safer NM Certified Car Seat technicians on site
- Contraceptives available after birth
- Baby's first photo and footprints

If concerns arise during pregnancy, our highly trained physicians are able to handle complexities such as twin deliveries, pre-eclampsia, gestational diabetes, advanced maternal age, external version (breech baby), and cesarean section.

Cardiopulmonary

505-287-5270

Respiratory inpatient services are provided 24 hours per day, seven days per week, by licensed Respiratory Therapists. Our dedicated staff specializes in acute cardiopulmonary care, offering life support services tailored to patients of all ages. In addition, we offer noninvasive diagnostic testing, including, but not limited to:

- Pulmonary function tests (PFTs)
- Electrocardiograms (EKGs)
- Holter monitoring
- Home sleep studies (adults and children 13+)
- Patient educational services
- Cardiac stress tests
- Overnight home oxygen testing
- Brain wave testing

Miners' Testing

Our Respiratory Therapists provide testing for uranium miner compensation claims and work with the U.S. Department of Labor guidelines to ensure complete, accurate, and fair testing.

Lab/Pathology

505-287-5290

The Cibola General Hospital Clinical Laboratory is available 24 hours per day, seven days per week, bringing high-quality testing to all patients in the community and surrounding areas. Requests for lab tests are accepted from all ordering providers.

Our laboratory is accredited by the College of American Pathologists (CAP) and the Joint Commission as an Accreditation of Health Care Organizations approved facility. Some of the services performed in our laboratory include:

- Specimen collection, handling, processing and analysis of blood and other body fluids
- Routine lab work done as part of a physical checkup or annual exam
- Special lab tests ordered for diagnosis of acute or chronic illnesses
- Blood bank and transfusion services, in emergencies, surgeries, and other situations

Our outpatient services offer convenient walk-in testing; therefore, please bring a paper requisition/order or have your provider's office fax it to registration at 505-287-5268. Please call our direct line for any questions you may have regarding our services.

Rehabilitation Services

505-287-5352

Physical therapy helps people improve their strength and ability to move and function. Our licensed therapists provide hands-on, one-on-one physical therapy sessions for patients with a wide range of diagnoses, upon the order of their doctor or other medical provider. What we treat:

- Neck and back pain
- Knee, shoulder, and hip injuries
- Foot and ankle pain/disorders
- Hand, wrist, and elbow injuries/syndromes
- Acute sports injuries
- Degenerative joint disease/arthritis
- Chronic pain/tendonitis
- Neurological disorders
- Balance and gait dysfunction

What we specialize in:

- Strength and endurance
- Blood flow restriction training
- Post-operative therapy
- Return-to-sport training
- Sports therapy
- Workers' compensation injuries
- Fall prevention
- Manual therapy

Surgical Services

Surgical Services at Cibola General Hospital offer three surgical suites, which allow for general surgeries, OB/GYN, dental, and endoscopy procedures, providing hometown convenience for our community members with a variety of surgeries.

General Surgery

- Abdominal surgeries including appendix, gallbladder, bowels, stomach, and other organs
- Neck and breast surgeries, such as biopsies of neck and breast masses, and thyroid surgery
- Skin surgery that includes wound care, removal of skin lesions, and drainage of abscesses, burn care, skin grafts, and vasectomies

Gynecological Surgery

- Caesarean sections
- Procedures and surgery to diagnose and treat gynecological problems
- Tubal ligation

Orthopedic Surgery

- Diagnose and stabilize (cast) appropriate fractures, including broken bones of the arms and legs
- Repair of hip fractures
- Examination of joints with arthroscopy
- Joint replacement
- Injections into joints for pain control
- Sports injuries
- Carpel tunnel and trigger finger treatments

Radiology

505-287-5250

Cibola General Hospital offers its patients a full selection of cutting-edge radiology services to provide you and your loved ones with accurate and efficient diagnosis of diseases in their earliest stages. Our skilled professionals employ the latest technology to complete the studies ordered by the practitioners, some of which include:

- Echocardiograms
- Bone density
- Stress echocardiograms
- 2D and 3D mammography
- Lung cancer screenings
- X-rays
- CT scans
- Ultrasound
- MRI (prostate and breast)
